

Hello! My name is Morgan Lawton, and I am running for schoolboard. I have lived in Fletcher for most of my life. I attended Fletcher Elementary School myself and now have children who attend. For many years I have worked in public service positions in other communities, and I would love the opportunity to give back in the community in which I live. I have been interested in participating in the school board for several years, but for some time my work and family schedules incompatible with the commitment. Now that I have the time, I'm ready to help. My strengths include being thoughtful in decision making and considering all sides of an issue. I view quality education from preschool through high school as crucial to creating healthy, functioning adult members of our society, which is a benefit to us all.
