

After much thought I have decided to run for the select board. My paper was filled today with our Town Clerk. You can email me, call me, private message me or stop over. My email is [jayotte2011@gmail.com](mailto:jayotte2011@gmail.com), my phone number is (802) 309-7040 my address for gps is 30 Homestead Lane Jeffersonville Vermont. No matter if we agree or disagree I will always treat everyone with respect and dignity. If you have a concern I will answer you in a timely manner and will make sure your concern is heard. I will listen and respect your point of view and share my thoughts on local matters. I'll do my best for what I feel will be good for the future of Fletcher by listening to you. I want to see Fletcher grow but I want Fletcher to stay as natural and pristine as possible. I love hearing of agricultural progress and seeing it flourish. Love our maple industry we have in Fletcher and the current use of our outside environment. It's the community that makes Fletcher special to me. I hope to gain your trust and vote. A Little about me. I work at UVM Medical Center with my wife. We have been married over ten years. We have been together for 12 years. I have three wonderful children. Isaac is 9, McKayla is 5 and Connor is 4. Two of our children go to Fletcher Elementary School. Connor goes to daycare four days a week. We have four beagles. We have a place on Metcalf Pond Road. I like to garden, hunt and fish. Before UVM Medical Center I worked in manufacturing. I went to school at JSC college and Majored in Political Sociology. I've worked on numerous campaigns in the past. I was able to do an internship on two separate occasions with Senator Doyle. One of the internships was in the Senate Government Operations. The other internship was observing the legislative process and helping with Sen. Doyle town meeting surveys. I've been invited to Buffalo State college twice for political sociology conferences and to give different presentations. Also, I volunteered at a dual diagnosis center in Lamoille County while I was at Johnson State.

Thank you for your time,

Jeremy Ayotte
